### Remarks

It is observed that the Examiner raised an objection with regard to the specification since drawing figures 3 and 4, added during the examination, do not appear in the "Brief description of the drawings".

Accordingly, the applicant has inserted the description of such figures in the specification and herewith submits both a marked up version of the paragraph and a clean version of the same paragraph.

It will be noted that a sincere effort has been made to positively respond to all of the points raised by the Examiner.

It is believed that the application is now in order for full acceptance.

Respectfully submitted,

Daniel O'Byrne (Reg. No. 36,625)
